## DESCRIPTION

BAVARIA 400 HT SPORT (2016) – FOR SALE The Bavaria 400 HT Sport (2016) represents a rare opportunity on the Mediterranean brokerage market: a well-preserved sport cruiser combining twin-engine performance, offshore autonomy, and resort-grade comfort. Powered by twin Volvo Penta D4 300hp engines (Low engine hours) delivering 600hp total, she offers confident acceleration, economical cruising range, and effortless handling reinforced by both bow and stern thrusters. The opening electric hardtop provides full weather protection without compromising the open-air experience, while the hydraulic bathing platform transforms every anchorage into a private beach club.

Below deck, two double cabins and a full beam saloon with equipped galley deliver a level of liveability rarely found in a 40-foot hull. The layout prioritises natural light, volume and ease of movement — hallmarks of the Bavaria design philosophy at its most refined.

Navigation electronics are handled by a complete Raymarine suite — chartplotter, depth sounder, autopilot — complemented by electric windlass, premium marine audio, full LED lighting, air conditioning and an onboard generator. This vessel requires no investment: she is in turn-key condition
