Pardo Yachts 50

1 690 000 € VAT INCLUDED

Description

2024 Pardo 50 – Launched May 2024 – Like New – IPS 800 – Seakeeper – Fully Loaded This 2024 Pardo 50, launched in May and showing only 70 engine hours, is presented in immaculate condition. A perfect blend of Italian design, performance, and cutting-edge equipment, this yacht offers a rare opportunity on the premium dayboat and weekend cruiser market. Powered by twin Volvo IPS 800 engines under full manufacturer warranty until 2029, it ensures smooth handling, low fuel consumption, and exceptional comfort both underway and at anchor. The white hull, paired with taupe upholstery and a fully customized cabin layout, reflects Pardo's dedication to contemporary elegance and high-end finishes. Designed for discerning owners, this unit features full air conditioning, dual GPS screens, radar, autopilot, VHF, night vision FLIR camera, searchlight, bow thruster, Volvo interceptor system with Auto Trim and DPS for enhanced control and stability in all conditions. Comfort on board is elevated by a hydraulic swim platform, integrated gangway, electric bimini, and SeaSmart forward and aft sunshades. The full LED lighting package includes underwater lights for stunning evenings at anchor. A 100 L/h watermaker, ice maker, oven, built-in coffee machine, four refrigerators, a safe, and a powerful 9 kW generator complete this highly specced unit, allowing full autonomy and luxury living on the water. This Pardo 50 is one of the most desirable examples on the market. With immediate availability, pristine condition, and a full suite of premium options, it represents the ideal yacht for an owner seeking performance, style, and sophistication in a turnkey package.
