Canados Gladiator 493 Grand

DESCRIPTION

The Gladiator 493 Grand's design was to offer a modern classic appeal, luxury, comfortable interiors and a second-to-none cockpit to entertain your guests like with no other 50' boat. She comes with a deep swimming platform which, as an option, can be converted into hydraulic swimming or boarding stairs. The aft deck sun pad is generous, and hides a garage and the helm station is protected by a laminated glass windshield.

The fore deck offers the exact same set up as the 431 WA with its gigantic sun pad and chaise longue.

The interior comes with two cabins and two baths and offer the same level of luxury and details as all custom build Canados.

The 493 is a phenomenal rough water boat that can be powered with triple or quad outboards 450R or 600s or with inboard diesel.
