Description

Dufour 41 – Space, Elegance and Modernity
The Dufour 41 embodies a new generation of sailing yachts, where space and conviviality are at the heart of the design. With its modern hull and elegant lines, it combines sailing performance with exceptional onboard comfort. Thanks to a redesigned and optimized hull, the Dufour 41 delivers remarkable stability and smooth navigation. Its generous interior volumes create true living spaces—bright, functional, and designed for long cruises. Available in 3- or 4-cabin versions, it impresses with its spacious interior layout, bathed in natural light through large hull and deck windows, and with its modern finishes that blend elegance and comfort. The forward owner's cabin stands out for its volume and headroom, offering a level of comfort usually reserved for larger yachts. On deck, the Dufour 41 reflects the brand's spirit: an exceptionally wide cockpit, well-designed relaxation areas, and smooth circulation along the deck. As always with Dufour, life outdoors is a priority, with layouts created to share convivial moments on board, whether at anchor or under sail. This model is also available in an electric version, enabling quieter, more environmentally friendly navigation in complete harmony with the sea. The Dufour 41 is the ideal yacht for those seeking the perfect balance between performance, comfort, contemporary design, and sustainable innovation—with the unique personality that defines Dufour.
