Description

Dufour 470 – Elegance, Versatility and Innovation
The Dufour 470 is one of the shipyard's flagship models, combining modern design, exceptional comfort, and outstanding performance. With its sleek hull and elegant lines, it appeals both to cruising enthusiasts and to those seeking the thrill of sporty sailing. Available in several layout and rigging configurations, the Dufour 470 adapts to every sailing program—from family coastal cruising to offshore passages. Its spacious and luminous interior is designed for optimal comfort, with functional yet elegant fittings. The forward owner's cabin is particularly generous, recalling the standards of much larger yachts. The interior is flooded with natural light thanks to the large hull and deck windows, creating a warm and contemporary atmosphere. Several versions are available, allowing you to choose between a comfortable cruising spirit or a layout geared towards performance. On deck, the Dufour 470 fully embodies the brand's DNA: a very spacious cockpit, smooth circulation on deck, and well-designed relaxation areas optimized for outdoor living. Its integrated bowsprit, ergonomic layouts, and smart deck plan make it a yacht that is safe, convivial, and high-performing. This model is also available in an electric version, allowing for silent, eco-friendly, and future-focused navigation—so you can fully enjoy the sea in complete serenity. The Dufour 470 is thus the ideal yacht for those seeking the perfect balance between performance, comfort, versatility, and sustainable innovation—all in keeping with the proud Dufour tradition.
