Description

Dufour 48 – A Unique Experience, Back to the Ocean
The Dufour 48 offers an unparalleled sailing experience, designed to embrace outdoor living and reconnect with the sea. At nearly 15 meters long, it features an aft cockpit that ensures instinctive, safe, and convivial sailing. A brand-new innovation is the addition of a second cockpit with sunbathing areas at the bow, providing incomparable comfort both under sail and at anchor. With the Dufour 48, the shipyard continues its commitment to constant innovation. The brand's DNA remains intact, offering owners the performance and onboard comfort they deserve. Thanks to the expertise and know-how of its teams, the result is a robust and efficient yacht, perfectly suited for all types of sailing. The Dufour 48 is designed to let you fully enjoy the fresh ocean air. Life on board is comfortable at every moment, whether on deck or outdoors. The aft cockpit has been redesigned to provide a generous space. Under sail, movement flows easily and naturally. Two tables allow for wonderful moments of dining or relaxation while at anchor. And what would a Dufour be without its aft platform? Once again equipped with a plancha grill, it now comes with a host of innovations. It is, in fact, a true outdoor kitchen, complete with all the essential features. To complement these arrangements, the Dufour 48 also offers a second cockpit—this time forward. Here, a sunbed can be installed to enjoy unforgettable moments of relaxation, whether sailing or at anchor.
