Description

Dufour 530 – Power, Refinement and Bluewater Spirit
The Dufour 530 is an exceptional sailing yacht that brilliantly combines the heritage of the Dufour shipyard with the latest innovations. Its elegant, modern design paired with a powerful hull makes it as high-performing under sail as it is welcoming at anchor. Designed for both long-distance cruising and shorter outings, the Dufour 530 offers unique versatility, with multiple rigging and layout options. Its spacious and luminous interior comes in several versions, offering 3 to 5 cabins depending on requirements, including a large and comfortable forward owner's cabin with excellent headroom. Generous hull and deck windows flood the interior spaces with natural light, creating a warm and elegant atmosphere. Refined finishes and expansive volumes ensure premium comfort, even on extended passages. On deck, the Dufour 530 reflects the brand's signature features: a vast and convivial cockpit, smooth circulation across the deck, and relaxation areas designed to maximize outdoor living. Its integrated bowsprit and ergonomic deck plan make it as enjoyable to handle as it is to live aboard. Also available in an electric version, the Dufour 530 allows for quieter, more eco-friendly sailing, in harmony with the environment, while enjoying the open sea in complete comfort. The Dufour 530 thus establishes itself as the ideal choice for those seeking a spacious, powerful, refined yacht with a forward-looking spirit—true to the Dufour identity.
