Description

Dufour 54 – Elegance, Power and Bluewater Comfort
The Dufour 54 is a sailing yacht designed to combine elegance, performance, and livability—crafted for sea lovers and long-distance cruising. With its modern hull and well-balanced sail plan, it delivers both power under sail and ease of handling, offering a truly unique sailing experience. Inside, the Dufour 54 impresses with its generous, light-filled volumes, thanks to large hull and deck windows that flood the living spaces with natural light. Available in several layout versions, it offers up to 4 cabins, including a spacious forward owner's suite with excellent headroom and ample storage—on par with much larger yachts. Refined finishes and an intelligent layout create a warm, functional atmosphere, ideal for extended cruising as well as convivial outings. On deck, the Dufour 54 reflects the brand's DNA: a vast, ergonomic cockpit, smooth circulation throughout the deck, and relaxation areas that enhance outdoor living. Its integrated bowsprit and modern deck layouts reinforce both its elegance and practicality. This model is also available in an electric version, enabling quieter, eco-friendly sailing in perfect harmony with the sea. The Dufour 54 thus establishes itself as a true bluewater benchmark, ideal for those seeking the perfect balance of performance, premium comfort, and sustainable innovation—faithful to the Dufour tradition.
