Description

AGILIS 355C Compact and sporty RIB Discover the Agilis 355C, a 3.55-meter RIB combining robustness, performance and maneuverability. Compact and easy to transport, this boat offers excellent value for all uses.

DESIGN & PERFORMANCE The Agilis 355C features a high-performance rigid hull with quality inflatable tubes guaranteeing stability and safety. Its compact size allows easy handling, quick launching and simple towing.

90HP JET PROPULSION Equipped with a 90 horsepower jet engine, the Agilis 355C offers impressive performance for its size. Jet propulsion ensures safe navigation (no propeller), ideal for shallow waters and water sports. Rapid acceleration and sporty sensations guaranteed.

LAYOUT & EQUIPMENT The spacious cockpit comfortably accommodates 4 to 5 people with centralized helm console. Wide tubes ensure stability and safety, with optimized storage under seats. Electronics & Comfort: VHF for safety at sea and Fusion audio system to enjoy your favorite music during your outings.

VERSATILITY Ideal for family or friends outings, trips as tender, coastal fishing, water sports, or simply for sporty rides along the coast. The Agilis 355C is the perfect companion to enjoy the sea with complete simplicity. Compact, sporty with its 90hp jet engine, and well-equipped with Fusion sound system and VHF.
