Description

The “New FP | 55” The first catamaran in the range to feature a flybridge, the FP 55 is a high-end sailing catamaran that redefines the standards of luxury at sea. Inspired by the brand’s flagship models, it offers multiple configurations with an unmatched level of comfort and finish. The NEW FP | 55 opens the door to large-scale yachting and incorporates the latest innovations in onboard equipment, layout, and technology. With its 17-meter length, the FP 55 benefits from vast, bright, and welcoming interior spaces. Natural ventilation in the saloon is ensured by a large sliding bay window and direct access to the forward cockpit—an arrangement previously reserved for the brand’s flagship models. Unique in its category, the FP 55 is also the first catamaran in the range to feature a large flybridge with a centralized helm station, bringing together all maneuvers while offering a panoramic 360° view. For its size, the FP 55 is the only catamaran to offer two identical owner’s suites, located in each hull, while still maintaining two independent and fully equipped crew cabins. A versatile catamaran thanks to its many configurations: The New FP | 55 is available in several versions:

- Maestro version: 5 double cabins, including one large owner’s suite
- Double Maestro version: 4 double cabins, including two identical large owner’s suites
- Charter version: 6 identical double cabins

It adapts to all sailing programs, whether for family cruising, a round-the-world trip, or a high-end charter project. Availability: Autumn 2026 The New FP | 55 is also available in a Hybrid Electric version (ODSea+) Fountaine Pajot has developed an in-house hybrid electric solution designed to maximize
